SALAERA

Nafion™ Tubing

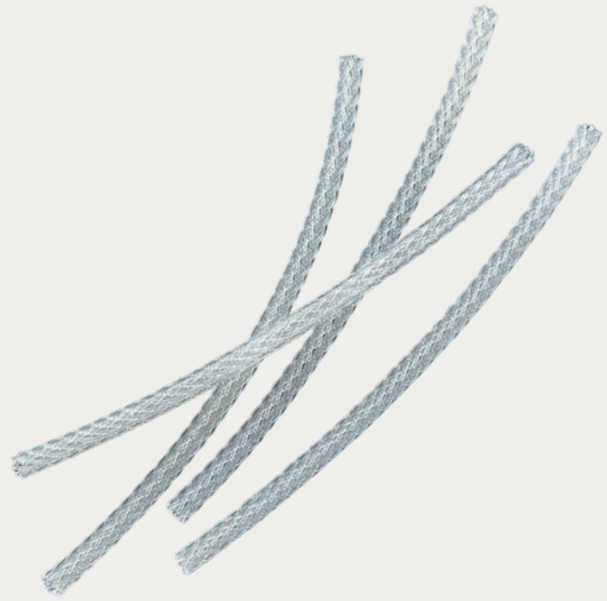

SPECIFICATION SHEET

Perma Pure is now part of Salaera

USED ACROSS ALL SECTORS

Salaera offers bare Nafion™ tubing in a variety of sizes.

Our customers use the tubing for a wide variety of applications, applying the unique properties of Nafion™ polymer to their own product designs or in their own lab experiments. Nafion™ tubing is priced per meter. If you have a project that calls for Nafion™ tubing in larger diameters than you see here, please inquire for custom tubing for your application.
